AOC: 2219P2

The screenshot shows a web browser window displaying a TechConnect magazine article. The article title is "AOC releases new 22-inch LCD". The author is Cristian, dated May 28, 2008, 11:59. The article text describes the AOC 2219P2 as a new widescreen LCD for home and office use, featuring a 1680x1050 native resolution, a 1000:1 dynamic contrast ratio, and a 2 ms response time. It also mentions Windows Vista Premium certification, VGA and DVI connectors, and Dynamic Color Boost technology. The price is listed as approximately 270 Euro. The article includes an image of the monitor and a "general" logo. The website header includes "TechConnect MAGAZINE" and "GameConnect Magazine". The left sidebar contains sections for "Latest News", "Latest Reviews", "Latest Forum Topics", and "IRC: irc.gamesurge.net Channel: #techconnect".
