AOC 22-inch monitor with integrated mediaplayer

The screenshot shows a web browser window displaying a news article on the website hardware.info.uk. The browser's address bar shows the URL: http://www.hardware.info/en-UK/news/ymick5qTwpeaaJY/AOC\_22inch\_monitor\_with\_integrated\_media\_player/. The website's navigation bar includes links for News, Articles, Price comparison, Community, and Extra. The article title is "AOC 22-inch monitor with integrated media player". The author is Marc Mouthaan, published on 12/07/2008 at 10:26 PM. The article text describes the AOC 2230Fm monitor, highlighting its HD3 Display technology and multifunctional capabilities as an HD monitor, HD TV, digital picture frame, and multimedia player. A large image of the monitor is shown at the bottom of the article. The left sidebar contains a "Find info on..." menu with categories like Cases/Modding, Cooling, Input devices, Main components, Multimedia, Networking, Notebooks, Peripherals, Photo/Video/TV, Power, Software, Sound, Storage, Supplies, and Systems. Below this is a "Powered by" section for NXS Internet and Kingston, a "Newsletter" subscription form, a "Poll" titled "What kind of memory uses your main PC?" with options for DDR, DDR2, DDR3, and other, and a "List of brands" section. The right sidebar features an "Advertisement" section with a "News" sub-section listing various tech news items.
